

# Help stamp out Kiona-Benton children's hunger by donating to Heather's Pantry.

Donations can include nonperishable and easy to prepare food items like canned soups and fruits, cereals, and prepackaged snacks like granola bars and are accepted at Benton City Library.

In memory of Heather and the great work she had accomplished in the community, Kiona-Benton City schools have established Heather's Pantry at all three local school buildings. Heather was working on starting a program where children could pick up food items to take home for the weekend when they were concerned that they might go hungry. We are happy to help make her dream come true.
