

IMAGINE YOUR STORY

Harry Potter DIY Pencil Wands

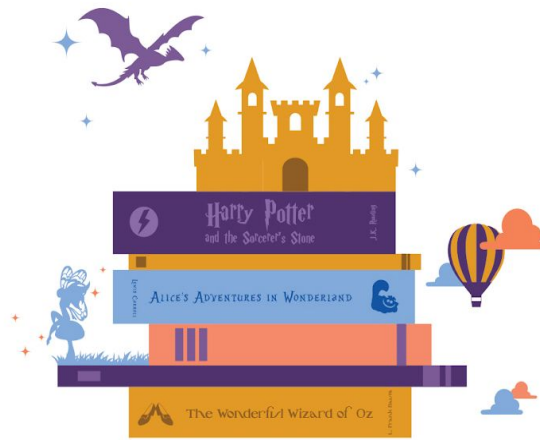

Supplies Needed:

Pencils
Hot glue gun
Hot gun
Acrylic paint

Instructions

1. First start by spreading the glue onto the top of the pencil. You want to apply it fairly thick but make sure you are constantly turning the pencil so it doesn't clump in one spot. Avoid getting glue on the eraser.
2. After the glue has dried, start by painting with a solid color. Then if desired add a little gold or silver on top.
