

## IMAGINE YOUR STORY

### Dragons Dragons' Underwater Fire Experiment

#### Materials

1. Water
2. Vegetable Oil
3. Food Coloring
4. Plate
5. Fork
6. Clear Cup

#### Instructions (brief video [here](#))

1. Put a few tablespoons of oil into a plate and add several drops of food coloring in various colors.
2. Gently mix the food coloring with a fork to break the drops up into smaller drops.
3. Carefully pour the oil into the water and watch the fireworks start.
