

## IMAGINE YOUR STORY

### Kings, Queens, & Princesses Make Your Own Coat of Arms

#### Instructions:

A coat of arms was used in early medieval times as a symbol used to represent someone. A coat of arms was different for each person or family.

Create a design with symbols that represents things about you. For example, if you like to play soccer, they could draw a soccer ball or a pair of cleats on your coat of arms. Use your favorite colors to draw your family, friends, hobbies, or interests.

See printable below.
