

IMAGINE YOUR STORY

Pirates Pirate Searches

Materials: Blue Orbeez/Waterbeads or just water
Water toys (boats, ocean animals, etc), shells, rocks,
spoons, tongs, small shovels

Instructions:

Follow the instructions on the package of Orbeez to grow them. If you're just using water, you can add a drop or two of blue food coloring to change up the color of the water for added effect.

Put your items in the bin and let the child(ren) explore using their senses. Ask what colors they see and what sensations they feel. Sensory bins are all about different textures and feelings - so feel free to use anything around your house in your bin.
