Harry Potter Polyjuice potion slime

Supplies Needed:

½ cup Clear or white pva school glue

1 tbsp Saline solution

½ cup of Water

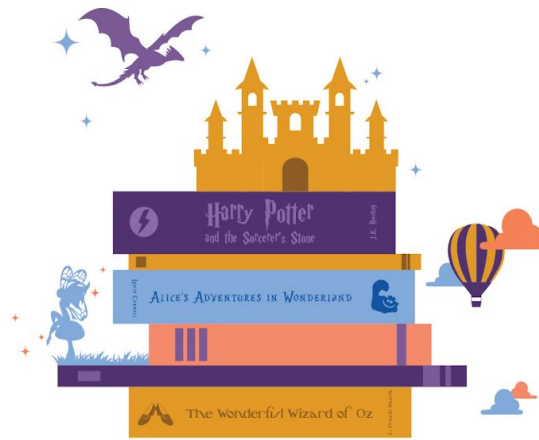

¼ -½ tsp Baking soda

Food coloring, confetti, glitter, or other fun mix-ins.

Instructions

1. In a bowl mix ½ cup water and ½ cup of glue well to combine completely.
2. Add any color, glitter, or mix-in that you would like.
3. Stir in ¼-½ tsp baking soda.
4. Mix in 1 tbsp saline solution and stir until slime forms and pulls away from sides of bowl. (If your slime feels too sticky, you may need to add a few more drops of saline solution.)
5. Start kneading your slime! It will appear stringy at first but just work it with your hand until you notices the consistency changing.
