### Unicorns

## DIY Unicorn Craft using Toilet Tubes

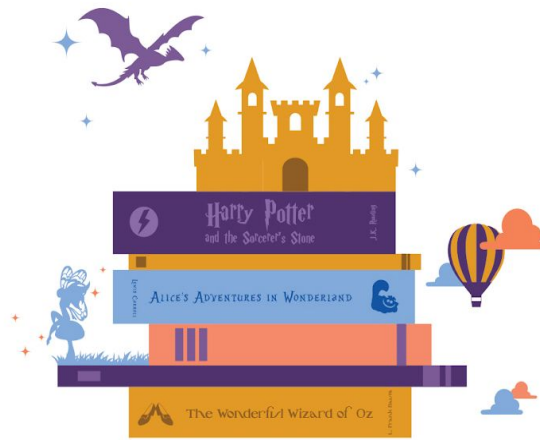

#### Materials:

- Paper
- Glue
- Scissors
- Black Marker
- Pink Paint
- Toilet Paper Rolls (recycled)
- Gold Glitter Foam Sheet (optional)
- Rainbow Yarn

#### Instructions

1. Measure the strips of paper long enough and wide enough for your toilet paper tube and then cut to size. \*You can choose any color you want to pick. Purples, pinks, blues go well when making a DIY Unicorn.
2. Wrap the paper around the toilet tube and secure with glue. This creates the body of your DIY Unicorn. You can make one or multiple unicorns using different colours you like.

## IMAGINE YOUR STORY

### Theme DIY Unicorn Craft using Toilet Tubes

Instructions cont;

3. Put 4 fingers together and the wrap the yarn around them over and over until you have a thick "circle" of yarn.

Next, you will gently pull the yarn off your fingers tie the yarn up in the middle with another piece of yarn. Cut the circle of yarn on the opposite side of the tied up portion.

Cut the yarn on the opposite side of the tied up portion. You will have yarn of equal length on each side of the tied portion. Tie the yarn a second time on one side to secure and then cut the yarn into 2 pieces. One will be shorter than the other. This creates the hair for your DIY unicorn.

Glue the smaller chunk of yarn inside the top of the toilet paper tube, leaving some of it hanging over the toilet paper tube.

Glue the largest chunk of yard on the middle of the toilet paper tube in the back. This will create the DIY unicorn's tail. \* You can use the scissors to style your unicorn hair and make the unicorn craft unique.

4. Cut a horn from the gold glitter foam and glue on top of the yarn hair. Cut ears from cardstock. Pinch and then secure with glue. Glue the ears on top of the yarn hair. Dig the bottoms of he ears into the hair so you don't see any icky parts.

Draw eyes onto the toilet paper tubes with black marker.

Your DIY unicorn craft is all done.
