

IMAGINE YOUR STORY

Wizards & Witches Wizard Potion Chemistry

Supplies Needed:

1/3 Cup hydrogen peroxide

2 Tbsp. Warm water

Yeast packet

Plastic containers

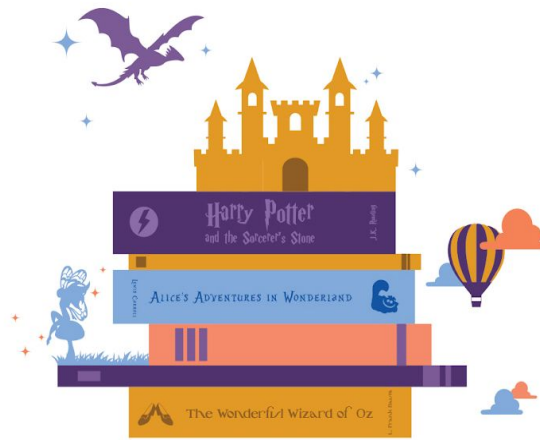

Dish soap

Tray or container (to place containers on to catch foam)

Instructions:

1. Pour 1/3 cup of hydrogen peroxide into the plastic container.
2. Squirt dish soap into the container.
3. In a separate container mix 1 tsp. of yeast with 2 tbsp. of warm water.
4. Pour the yeast mixture into the hydrogen peroxide and soap container. Notice how quickly the reaction begins.
